

Dear Aaron Sachs & Associates,

The Logan-Rogersville Wildcat Reading Club met on March 2nd to learn about bicycles, bicycle equipment, and bicycle safety. I appreciate your donation of 18 bicycle helmets so that each member of the group received one. The children enjoyed picking their own special helmet. A girl named Margaret said, "This is the first NEW helmet I've ever had!" (She always received her sister's hand-me-downs.)

The students learned the importance of wearing their helmets to protect their heads and I think after the demonstration, the children will all be wearing these helmets!

I've attached a picture of the children with their helmets. Thank you so much for contributing to your community!

Karen Rumker, Librarian
