

Thank You

22 July 2009

Dear Mr. Sachs:

A huge "thank you" to you, Dottie, and everyone in your office who helped provide the bike helmets for the grand opening of the Willard Branch of the Springfield-Greene County Library last Saturday, July 18. We had a fantastic opening with many area dignitaries and people from the community attending.

We gave away all the helmets but one. The families were so appreciative and could hardly believe their good fortune to get a free helmet for their child/ren. Many said they simply couldn't afford them. What a great service you all have provided to families! Now their children can be safe even in these tough economic times. We have enclosed a photo of children getting helmets.

Your generosity is greatly appreciated. Thank you for making it possible.

Sincerely yours,

Jeanne Duffey and Loree Quinn
